DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-15, 24-36, 45, and 46, drawn to secured way to receive messages, classified in class 709, subclass 229.

The inventions are distinct, each from the other because of the following reasons:

In the instant case, invention I has separate utility such as secured communications. See MPEP § 806.05(d).

3. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and the search required for Group II is not required for Group I, restriction for examination purposes as indicated is proper.
